

Wet and wired

Dead in the water? Not these gadgets. This summer is awash in technology that travels with you to the beach, pool, or sprinkler.

1

AQUA INSPIRED

Pop your iPod inside this protective droplet-shape speaker and take it along to splash zones—the pool, kitchen, or shower. Zumreed Drop waterproof speaker, \$70; audiocubes.com

2

DIVE IN

Accidental dunks happen—but this water-tight phone can handle up to 4 feet down under. Motorola Defy, \$390 (price varies with contract); motorola.com

3

PROOF OF LIFE

Sun-proof, sand-proof, and waterproof, this rugged speaker case protects your MP3 player. Bonus: It floats! Eco Extreme Speaker Case, \$50; gracedigitalaudio.com

4

SINK OR SWIM

This water-resistant shooter is good to go—up to 12m deep—and its built-in GPS and compass keep you grounded. Panasonic Lumix ts3; \$380; panasonic.com

5

FLASH OUT

This adventure-ready camera will keep snapping through water, sand, and a few tumbles. Cyber-shot TX10, \$329; sonystyle.com
